**Subject:** Error in Nuclear Plant Photo Caption

TO: Mr.

Dear Mr. :

This is in response to your recent e-mail to the Department of Energy, pointing out an error in a photo caption on the Office of Nuclear Energy, Science and Technology (NE) Home Page. You noted that, in a picture on the site, we had identified a nuclear power plant as the Oconee plant, when it was actually the Fort Calhoun Nuclear Power Station.

We have corrected the caption in the version of this publication (*Understanding Radiation*) that appears on our Home Page, and, when we reprint copies of the publication, we will make sure that the corrected text appears.

Thank you for calling this error to our attention, so that we could include the accurate information.

Sincerely,

DOE/NE
